Released: November 2, 1999

**COMMON CARRIER BUREAU RELEASES STATE-BY-STATE UNIVERSAL  
 SERVICE HIGH-COST SUPPORT AMOUNTS FOR NON-RURAL CARRIERS AND  
 FORWARD-LOOKING COST MODEL RESULTS**

CC Docket No. 96-45 ✓

CC Docket No. 97-160 ✓

On October 21, 1999, the Commission adopted two orders completing its implementation plans for its revised high-cost support mechanism for non-rural carriers. One order adopted input values for the Commission's model for estimating non-rural carriers' forward-looking cost of providing the supported services.<sup>1</sup> The other described the methodology that would be used to compute non-rural carriers' revised support amounts, beginning January 1, 2000, based on their forward-looking costs and an interim hold-harmless provision.<sup>2</sup> The Bureau now makes available, for the convenience of the public, detailed information about support amounts that will be available to non-rural carriers in each of the states and territories of the country when the new mechanism is implemented on January 1, 2000.

The spreadsheet attached to this Public Notice shows the amount of support that will be available to non-rural carriers in each state.<sup>3</sup> As described in the *Methodology Order*, these support amounts will be distributed to carriers on a wire center basis. Because of the size of the spreadsheet displaying the results at the wire center level, that information is being made available today on the World Wide Web ([http://www.fcc.gov/ccb/universal\\_service](http://www.fcc.gov/ccb/universal_service)).

We also make available on the Commission's Web site ([http://www.fcc.gov/ccb/universal\\_service](http://www.fcc.gov/ccb/universal_service)) the model with the input values adopted in the *Inputs Order* and model

<sup>1</sup> *Federal-State Joint Board on Universal Service, Forward-Looking Mechanism for High Cost Support for Non-Rural LECs*, Tenth Report & Order, CC Docket Nos. 96-45, 97-160, FCC 99-304 (rel. Nov. 2, 1999) (*Inputs Order*).

<sup>2</sup> *Federal-State Joint Board on Universal Service*, Ninth Report & Order and Eighteenth Order on Reconsideration, FCC 99-306 (rel. Nov. 2, 1999) (*Methodology Order*).

<sup>3</sup> For informational purposes, the spreadsheet also shows support amounts that will continue to flow to rural telephone companies in each state. At the request of those companies, reform of their universal service support mechanisms is proceeding on a separate track. The Commission is awaiting a recommendation from the Federal-State Joint Board on Universal Service, based on a report from the Joint Board's Rural Task Force, before adopting revised support mechanisms for rural carriers. See *Methodology Order* at para. 11.

results, including spreadsheets for each non-rural study area showing the results by wire center.

For further information regarding this Public Notice, please contact Katie King or Jack Zinman at (202) 418-7400.
